Benefits & Features

Easy to Setup and Use

System ready to use in a few minutes. Your receptionist or security guard will be able learn to use in no time.

Elegant and Customizable Interface

Elegantly designed Visitor Sign In software can be customized to your corporate identify.

Supports Visitor Pre-Registration

Pre-register your visitors for faster sign in on the day of your event.

Supports Visitor Self-Registration

User friendly Visitor Sign In software allows your visitor to perform self-registration easily.

Prints Professional Visitor Pass with Photo

Bundle with professionally designed visitor photo pass templates. You can also easily design your own visitor pass.

Flexible

Visitor can sign in using their identity card, driving license or vehicle number if required. One or more visitor sign in station can be deployed. Visitor Sign In software can be remotely configurable at the BePunctual Server Software.

Time Saving

Visitor only needs to register their information once. Faster visitor sign in/out instantly checks or print who's in/out during emergency. Reports can be automatically generated and emailed out.

Secure

Visitor database can be house centrally in a separate computer from the visitor sign in computers. Set visitor alerts to alert your security guard of unwanted visitors.
